About Me

I was introduced to petanque at the age of seven by my brother and his teacher. I started playing leisure and social petanque and eventually competitive petanque. I really enjoy and love the sport of petanque!

About Me

I started playing petanque when I was a student learning French at the Alliance Francaise de Singapour. Petanque was introduced as part of the cultural activities of learning the language. I had great fun playing social petanque with my friends and teachers at the garden of the old premise of the school.
